

BEARINGS FOR FRESH PRODUCE

Take a clean look at your processing bearings

EDT bearings made of polymer and stainless steel directly retrofit ball bearings without grease, balls or rust

- Eliminate rust and 'red water' coming out of bearings
- Eliminate grease
- USDA-accepted; FDA materials
- Unaffected by water and chlorine
- Increase UP-time, REDUCE down-time
- Improve quality inspections!
- Longer running life with very low maintenance
- Do not have to replace bearings after sitting idle during off-season

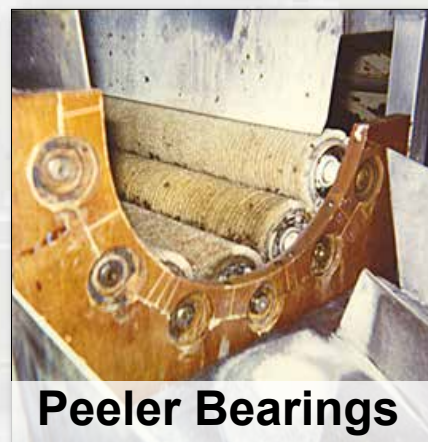

Weigh Scale Bearings

Dryer Bearings

Conveyor Bearings

Peeler Bearings

EDT bearings offer significant long term savings over traditional bearings! Check out the Costs of Ownership

BY TIMKEN

Yamato Weigh Scale: EDT bearings eliminate rust, increase parts life, and decrease the frequency of bucket rebuilds

Original ball bearing

EDT Radial Poly-Round®

Radial bearing p/n	ID-OD-LTB	Flange	OEM interchange notes
OEF696/4RPR	4 x 15 x 5	17	Replace F696 with 4mm ID
OEF624/6RPR	5 x 13 x 6	15	Replace F624 with 5mm ID
OEF628/6RPR	6 x 13 x 5	15	Retrofits GB02307A0676 on ADW-714SW Retrofits 628/6ZZ on ADW-414
OEF619/6RPR	6 x 15 x 5	17	Retrofits GB02307A0677 on ADW-714SW, ADW-414
OEF60051RPR	6 x 21 x 9	24	Retrofits SA44117A0051 on ADW-714SWH
OEF60054RPR	6 x 24 x 9	27	Retrofits SA44117A0051 on ADW-714SW
OE688RPR	8 x 16 x 5	--	Replaces 688-2RS
OE61800RPR (6800)	10 x 19 x 5	--	Replaces 61800-2RS / 6800-2RS
OE16100RPR	10 x 28 x 8	--	Replaces 16100-2RS
OEF6901RPR	12 x 24 x 6	26	On ADW-414: Note: 6mm width
OEF6901RPR	12 x 24 x 7.2	26	On ADW-414: Note: 7.2mm width
OE61802RPR (6802)	15 x 24 x 5	--	Replaces 61802-2RS / 6802-2RS
OEF69A3RPR	15 x 30 x 7	32	Replaces F6903-2RS + spacer to 15mm ID
OEF6903RPR	17 x 30 x 7	32	Replaces 6903-2RS + washer
OE6903RPR	17 x 30 x 7	--	Retrofits SA44117A0013 on ADW-714SW + SWH

Compare the longer life of EDT bearings over OEM parts

OEM component life	EDT component life
Bushings: 2 months	RPR's 1+ year
Ball bearings: 6 months	RPR's 1+ year
Linkages: 1 year	Links 1+ year (are lower cost!)

Save money in parts & labor!

Bucket rebuild takes 45 minutes at \$35/hour = \$26.25 labor cost
 X 28 buckets per scale = x 28
 Labor cost per 14-hd scale = \$735.00
 x number of weigh scales in plant x _____
Labor Savings = \$ _____

Every time you avoid a bucket rebuild,
you save money in parts and labor!
