

PETROCHEM EXTRUDER BEARINGS

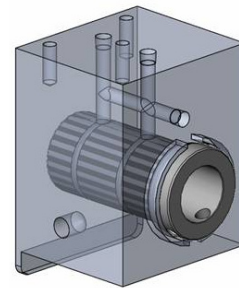

Eccentric housing P/N 2245801

Bearing P/N 2060974BH

Locking sleeve P/N 2060974LS-R1

Square housing P/N 2245802

Greaseless non-rusting bearings extend UP-time

Features

- Direct dimensional OEM replacement bearing
- Water cooled housing for extended bearing life
- Stainless components means chemical resistance
- Supplemental journal protects/repairs original shaft
- Zero grease eliminates messes
- Interchangeable wear components for multiple bearing styles

Benefits

- Reduced operational costs by reduced downtime
- Reduced bearing change-out time
- Predictable wear for predictable maintenance
- Lower costs with reusable components
- Reduced inventory with interchangeable parts
